

Overseas Evacuees Influx Procedure

This multi-agency procedure has been agreed by Leicester, Leicestershire and Rutland Local Resilience Forum (LRF) in support of an influx of overseas evacuees. The plan arises from a risk identified in the Leicester, Leicestershire and Rutland Local Resilience Forum Community Risk Register and mutual aid agreements are in place for all local authorities to support a large influx of people. Due to the nature of this plan it has been classified under the Government Protective Marking Scheme as Protect – LRF use only.
